Impact of the COVID-19 pandemic on the data we publish

Due to the impact of the COVID-19 pandemic, most exams and assessments did not take place in 2019/20 or 2020/21. As a result of this, the government announced that it would not publish school or college level results data in autumn 2020 or autumn 2021.

Information on what this means for the way school and college accountability will operate for 2019/20, 2020/21 and 2021/22 can be [found here](#)

Exclusion of EYFSP data from Analyse School Performance (ASP)

Following the reforms to the Early Years Foundation Stage (EYFS) and changes to the administration and moderation of EYFSP data, DfE has taken the decision that the EYFSP will no longer be included in Analyse School Performance (ASP) after May 2022. Ofsted have similarly decided to remove the EYFSP from its Inspection Data Summary Report (IDSR).

EYFSP data will continue to be published at national and local authority level via a statistical release to give an overall picture of child development. Pupil level EYFSP data will also continue to be made available within the Get Information About Pupil service (formally Key to Success).
